

STORY-TIME IN THE BARN

On Friday August 13th at the museum, staff held an event – story time in the barn. Folks of all ages gathered to listen to and share some stories of Clinton, its people, and its history. Many Clintonites came to share their stories such as; Robin Fennell, Helene Cade, Alice Crosson, Rollie Higginbottom, and other residents of the area. It was very nice to be able to sit down close-knit with some locals and have open conversation about anything and everything. We hope to do more events like this in the future, with the possibility of recording for others to view who cannot make it.
